

Den building activity sheet

Den building is great fun and can be done anywhere that you have agreed with your grown up!

1. Think about who your den is for? Will it be big or small?
2. Think about where you will be building?
3. Think about what you could use to build your den. If you are building outside make sure that you are using things that can be taken outside!
4. Make your den! Does it have a clear entrance? Will it protect from the cold? Is it stable?

Challenge - can you write instructions for how to make your den?

This can be done:
Independently or as a group
Inside or outside
Any age
