

Kite making activity sheet

When I was a little girl my dad used to make my sister and I kites out of things from around the house. Often he would use newspaper or bin bags. We used to love running around our garden to make them fly. There are lots of different ways that you can make a kite.

Below are links to a couple of different ideas but you might have your own! You could use newspaper, card, fabric, sticks, leaves, string...

How to make a very simple paper kite
