

Pattern making activity sheet

Nature has an amazing way of creating patterns all on its own and a wonderful way to spend time is to try to spot these.
But we can also use found natural objects to create our own repeating patterns.

Using leaves, twigs and sticks investigate how many different patterns you can make.

Challenge - can you draw your pattern.
Can you add to your pattern?

This can be done:
Independently or as a group
Inside or outside
Any age
