Accessibility Plan All Saints Stibbard

The Flourish Federation Vision

To inspire everyone to flourish, grow and learn in a safe and spiritually rich environment.

Built on the strong foundations of Matthew 7:24

Everyone then who hears these words of mine and does them will be like a wise man who built his house on the rock.

Our Federation's vision, ethos and Christian values underpin and thread through every aspect of our work across our Federation. Our work helps us on our collective journey to achieve our vision for all in our Federation community.

1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

Flourish Federation's Equality Objectives

- Monitor changes to the curriculum to ensure they result in good outcomes for pupils in vulnerable groups and to review the curriculum considering new performance measures
- Implement effective strategies to support pupils in all vulnerable groups
- Improve the quality of support for pupils in all vulnerable groups in the classroom
- Continue to explore the use of new technologies to support pupils in all vulnerable groups in accessing their learning.

Norfolk's Accessibility Strategy

Flourish Federation supports the implementation of [Norfolk's Accessibility Strategy](#) which was co-produced with children and young people in Norfolk with special educational needs and or disability.

We are committed to ensuring all children and young people attending education settings in Norfolk have every possible opportunity to thrive.

To achieve this, it's essential that educational settings provide inclusive, welcoming, and adaptable learning environments that meet the needs of the children and young people in their community.

This accessibility strategy sets out what education settings need to do to meet the needs of disabled children and young people.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

Our school works in partnership to develop and implement our Accessibility Plan.

<p>Visit the Norfolk Local Offer website to find information on support for children, young people and adults with special educational needs and/or disability in Norfolk.</p>		<p>SEND Local Offer - Norfolk County Council Health and social care - Norfolk County Council</p>
<p>We also follow guidance for supporting pupils with medical conditions and education for children with health needs who cannot attend school.</p>		<p>Accessibility Strategy - Additional information, advice and guidance - Norfolk County Council</p>

We have developed this accessibility plan following the co-produced Norfolk Accessibility Strategy and working with governors, Special Education Needs Coordinator and Headteacher. We have also listened to the views of Flourish Federation staff. Children with SEND regularly share their views and we regularly meet with parents/carers to hear parental views.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, the complaints procedure sets out the process for raising these concerns.

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.
